Our Company

With Tutor Bites, educators can showcase their expertise and creativity by crafting engaging educational resources that cater to the needs of diverse learners. This not only benefits educators by providing them with a source of income but also enriches the learning experience for students who can access high-quality educational content conveniently. Moreover, parents can rest assured that their children are receiving top-notch tutoring services from qualified professionals through this accessible and affordable platform.

CEO & Founder

Vision And Mission

Our Vision

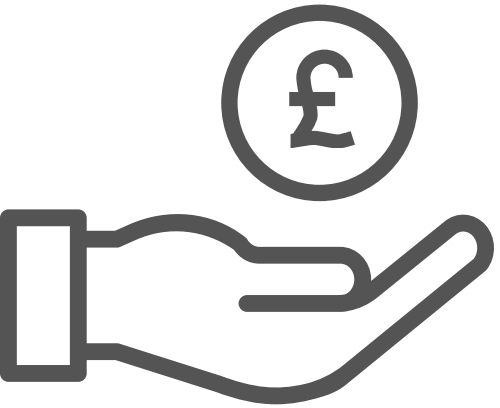

We aim to inspire educators to transform into educational creators, guiding you on the path to earning through our one-of-a-kind online platform.

Our Mission

To facilitate the transition of qualified educational experts into **edu-creators**, enabling them to monetise their skills and knowledge through a subscription-based business model, driving business growth and success.

The Business Model

20%

Tutor Bites will keep 20% of your monthly earnings to support the website, covering expenses for online storage, website improvements, marketing, and compensating our hardworking team behind the scenes.

80%

As a diligent and esteemed content creator, you shall retain 80% of the revenue generated. This arrangement ensures a steady monthly income deposited directly into your personal bank account.

Creator Profile Application

1

Create a profile

Log onto www.tutorbites.com and go to “Become a Tutor” and you will be able to create an account with your email. There is also a speedy Google sign-up button

2

Apply to become a creator

Once you have created an account you will be able to apply to become a content creator. You must set your DOB and upload a banner and profile picture initially once you are logged in

3

Submit documents

You must submit your ID documents, police clearance checks and professional certificate for us to approve. Once you are approved you are ready to start as a content creator

4

Upload content

You are now able to upload content as PDFs, images, video, MP4 and set it as free or paid content. Your content must be relevant to your qualifications and opening

5

Set Subscription price

You can set anything from £2.99 - £19.99 per month for your content. You may offer discounts for 3,6 and 12 month subscription packages for your followers

The screenshot shows the homepage of Tutor Bites. At the top left is the Tutor Bites logo. Next to it is a search bar with the text "Find a creator" and a magnifying glass icon. To the right of the search bar are links for "Explore" and "Shop". Further right are links for "Login" and "Getting started →". The main content area features a large image of a woman in a red jacket standing in front of a whiteboard with geometric diagrams and the Pythagorean theorem. Overlaid on this image is the text "Earn profits with your content". Below this text is a short paragraph: "Tutorbites is designed to help content creators on the web, create a free account and start making money now." At the bottom of the image are two orange buttons: "EXPLORE TUTORS →" and "BECOME A TUTOR →".

Earn profits with your content

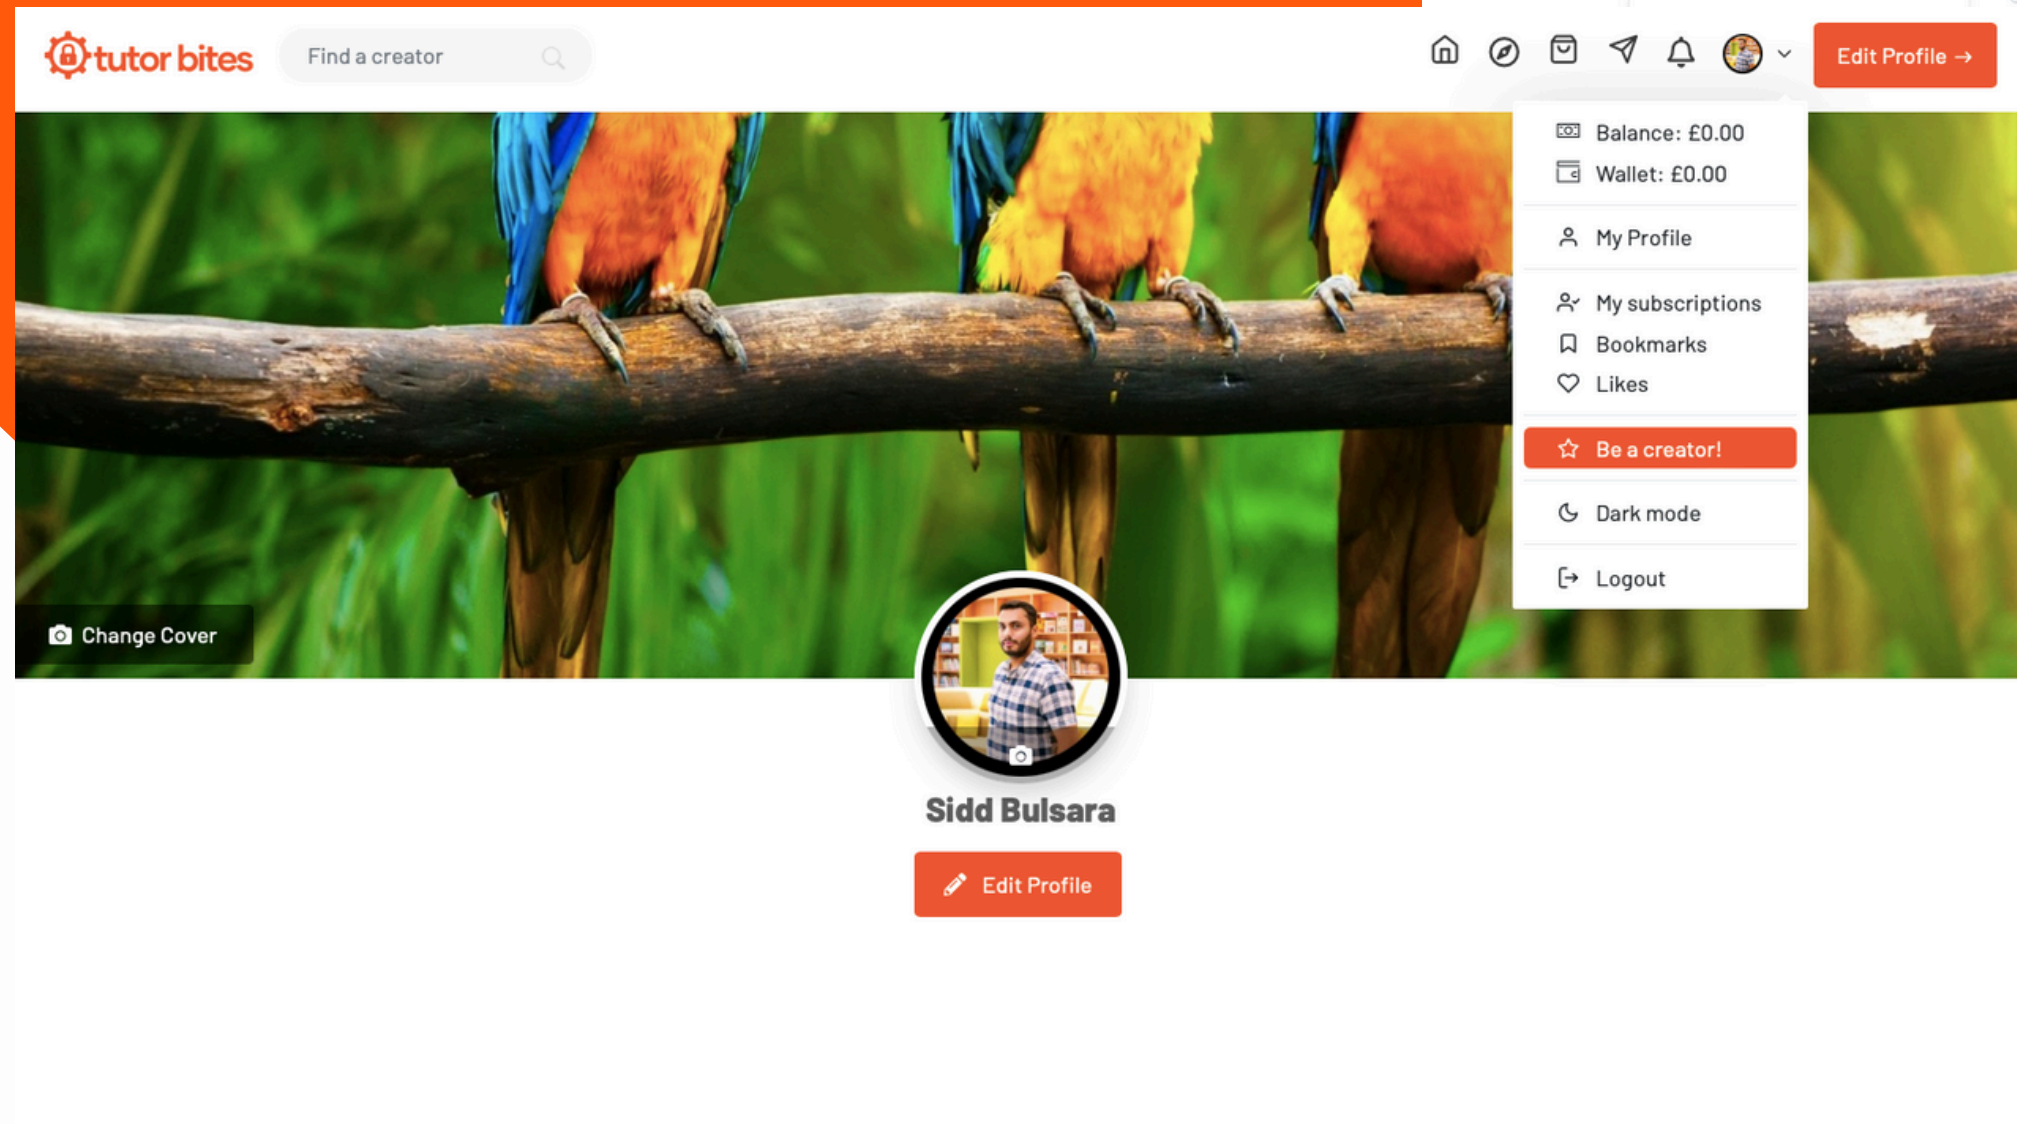

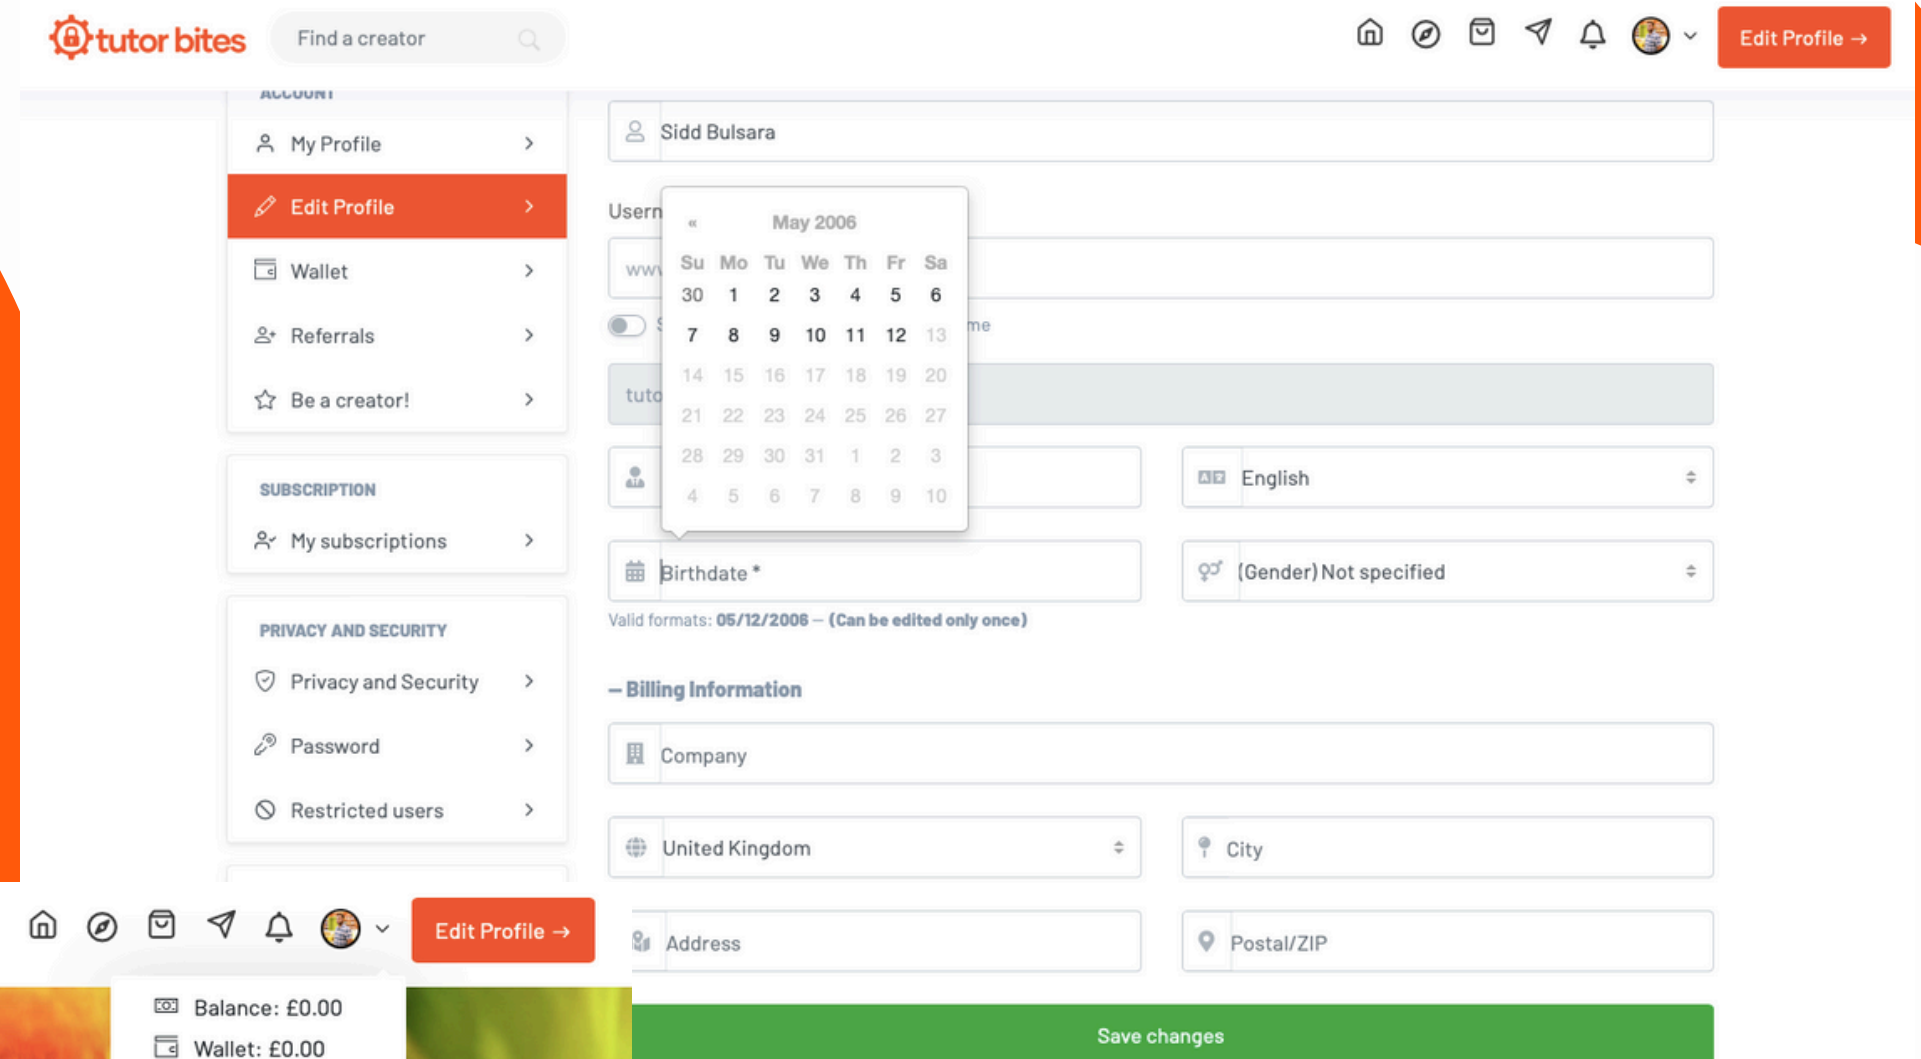

Tutorbites is designed to help content creators on the web, create a free account and start making money now.

Purpose

Tutor Bites aims to facilitate the creation and access of unique educational content online.

Audience

Educators, learners and parents.

Content Creation

Educators can create accounts and upload their digital content.

Subscription Model

Educators set a monthly subscription fee for learners to access their content.

Income Generation

By attracting followers, educators can generate income.

Target Audience

Parents #1

You can market your profile to parents that wish to gain support for their home schooling and to gain extra support and resources for their child

Learners #2

Depending on the age of the learner you may have mature students and trainee teachers that want to gain from your expertise and knowledge

Educators #3

Other educators may come to you for your resources for them to be able to use in their own classroom and tutoring pedagogy
